# RIOU

RUIAN RIOU AUTOMOBILE PARTS CO., LTD.  
HUZHOU RIOU AUTOMOBILE PARTS CO., LTD.

RIOU--the witness to and pioneer of world heavy truck speed linkage system technology evolution and innovation. At the beginning of its establishment since 1988, in Zhejiang.

RIOU experienced mechanical gear linkage system, before and after the hydraulic linkage system, is now working to develop electronic system. RIOU develops and produces the system always be favored by the OEM, has been in more than 20 years as their backing, the first-class quality and perfect after-sales service has been recognised by the height of all market, enjoying a high reputation. Hydraulic as update generation, have been widely sold to many countries and regions of the world.

Cooperating and working together with RIOU, is to choose new and reliable quality.
